

## **REPORT OF PURULIA TRAEKING CAMP**

First of all I would like to thank our Principle Madam of `Basanti Devi College` and `Adventure and Mountain Lover Association Club` for taking us for such a wonder full adventure trekking camp.

On 12<sup>th</sup> January 2017 we boarded the train `Adhra Chaklle Dharpur Express` around at 11:45 pm and reached our destination `The Mathaburu Forest` on the next day at 7.00 am.

For the next three days we learned about rock climbing including identification of Rock and the different method of Mountaineering such as Rappelling, Climbing and Chimni from our Instructor.

Night Tracking is one of the most mesmerizing experience in our mountaineering adventure, the campfire night made us feel the real taste of an adventure, a test was also conducted on whatever knowledge we have inculcated for last three days. Beside all, we were also served delicious food throughout the whole camp.

Each and every teacher have worked very hard in order to make this camp a successful one and at last but not the lest I would like to thanks Vaishali madam, without whose support our journey would be incomplete.
